

MAXXDOCS 6.5 FEATURES

MaxxDocs delivers outstanding value to companies needing powerful document management at an economical price.

MaxxDocs 6.5 comes out of the box with up to 15 named users and is designed to manage up to 1 million documents per repository. MaxxDocs fits perfectly into a department or small business that wants to save costs associated with filing and managing documents, improve their availability, and at the same time strengthen document security. Fully-featured and simple to use, MaxxDocs delivers the tools needed to make moving from paper to electronic files easy. MaxxDocs 6.5 is an annual subscription based on premise software solution.

IMPORT
